- Recommendation Based Affiliate Marketing Mobile Application**
Aug 2022 - Apr 2023
We developed an application called "Recommdy" to connect publishers with affiliate marketers and viewers with users. To gain an audience, affiliate marketers rely on their personal contacts and usual followers.
- Human Face Recognition**
Mar 2022 - Apr 2023
Face recognition involves identifying an already detected object as a known or unknown face. Face Recognition on the other hand is to determine if the "face" is someone known, or unknown, using for this purpose a database of faces to validate this input face.

INTERNSHIP

- Web Development Intern
Conocedor Productions
Feb 2022 - Apr 2022
Developing a college website by ensuring responsive design, clear navigation, an engaging home page, showcasing academic programs, and highlighting student life using the WordPress tool.
Link: kbtcoe.org/newsite
- Data Science Content Writer
Studyber
Nov 2021 - Feb 2022
Writing data science content for the Studyber website, covering topics such as machine learning, data analysis, statistical modeling, and data visualization.
- Web Development Intern
Chef Junction Pvt. Ltd
Jul 2021 - Aug 2021
Developed an engaging website for Chef Junction, enabling app downloads and registration for home chefs.
