Recommendation Based Affiliate Marketing Mobile Application

Aug 2022 - Apr 2023

We developed an application called "Recommdy" to connect publishers with affiliate marketers and viewers with users. To gain an audience, affiliate marketers rely on their personal contacts and usual followers.

Human Face Recognition

Mar 2022 - Apr 2023

Face recognition involves identifying an already detected object as a known or unknown face. Face Recognition on the other hand is to determine if the "face" is someone known, or unknown, using for this purpose a database of faces to validate this input face.

INTERNSHIP

Web Development Intern

Feb 2022 - Apr 2022

Conocedor Productions

Developing a college website by ensuring responsive design, clear navigation, an engaging home page, showcasing academic programs, and highlighting student life using the WordPress tool.
